

**Senior**

**Born and Raised:** Norton, MA and Dedham

**Elementary:** Greenlodge

**Link Crew:** 2<sup>nd</sup> Year

**Language(s):** English

## **Kyle Fonseca**

Although not involved in athletics, I am very involved both inside and out of school. I am class president for the class of 2016, SADD club president, a student council member as well as a Link Crew member. Student council and SADD club are always looking for new members, come ask me about meetings! Outside of school I work at the Boston Foundation for Sight in Needham. If you are interested in the medical field, specifically ophthalmology or non-profits talk to me, maybe I could show you around. I am very interested in my car and I am always working on mine. For fun my friends and I go bowling... a lot and we've become quite good, well at least most of us. A favorite class of mine has always been my CAD classes. There are so many great things about DHS but one thing I think that stands out is the whole faculty. The teachers are always willing to work with you and are there if you need help, all you have to do is ask them. It doesn't just stop at the teachers though, the administration is a great group of people as well and they will become your friends the four years you are here. I haven't had many vacations but one that stands out is one I just took this summer with my friends to New Hampshire. It was a small group of us and we had a ton of fun just taking a break from our normal hectic lives to just relax and hang out with each other. After DHS I plan to go to college, most likely going to school for some engineering/ business degree combination. I am excited that it is my senior year but also very nervous about all the responsibilities that I will have this upcoming year being class president, SADD club president, being a member of other clubs, along with work, and school work.
