**Born and Raised:** Dedham, MA

**Elementary School:** Oakdale

**Link Crew:** 1<sup>st</sup> Year

**Language(s):** English

### **Jillian Mercer**

Hi! My name is Jillian Mercer and I am a senior at Dedham High this year. I have lived in Dedham all of my life and attended Oakdale Elementary. School has always been something I loved, and I will make it my job to make your transition from middle school to high school as smooth as possible, even if it seems like a bumpy road. I was in the freshman academy and took nearly all honors and AP courses following that path, so hopefully I can give specialized advice on how to manage time and particular workloads. I am also a total nerd for anything science, so do not be afraid to "bother me" because it won't be a bother in the slightest. I am part of NHS, Student Council, Student Government and of course Link Crew so there are plenty of different clubs and roles that I can get you involved with. Outside of school, I work at The Deli after Dark in Dedham Square. I've been a hostess for two years now so I've probably hung out with your parents a few times. For the school I played field hockey at a mediocre level. No, I was not the best one on the team but, yes, I still had fun. Another fun fact about me is that I am a self-diagnosed addict of Diet Coke and Newman's Limeade. I cannot wait to get to know you and make this first year of high school for you, and last year for me a blast!
