I started playing hockey 3 years ago and I love it. My favorite player is Zach Parise. Outside of school, I enjoy babysitting a lot. I like working with kids, which is why I spend most of my summer volunteering at the TREK program at the middle school. My favorite classes are ones having to do with science and my favorite color is purple. The best thing about high school is the variety of classes you can take. I have taken TV/video since freshman year. I like the creativity of editing your own videos and attending the Scully Awards. I hope to go to college and pursue a career in genetics. I'm looking forward to being apart of Link Crew for the first time this year!
