Heena Kumar

Hi guys! My name's Heena Kumar, I am a junior in Dedham High. I was born in Boston, but I was raised in West Roxbury. I did however go to Dedham schools from kindergarten until now. I am Hindu, both my parents were born in India. I have one brother named Rohit and a sister named Reena. They are both older than me, and my brother is the oldest. Funny thing is that my grandma named my sister and I. She wanted my name to rhyme with my sister's so she just changed the first letter! I speak Hindi and Punjabi at home, even English. My favorite hobbies are playing basketball and volleyball. I highly recommend anyone to try out for sports, it's so fun because you get to get out your comfort zone and make new friends. The best thing about high school is definitely being able to be treated like an adult and being able to chew gum in school! When I grow up I plan to be a lawyer, hopefully my plan will come true. I am so excited for this upcoming year and working with the incoming freshmen. Good luck and be good!
