

**Senior**

**Born and Raised:** South Portland, ME and Dedham, MA

**Link Crew:** 2<sup>nd</sup> Year

**Language(s):** English

## **Chloe Adams**

Currently, I am working at Pet Supplies Plus in West Roxbury and I enjoy making art, more specifically jewelry. My favorite colors are red and white, I love the beach and my favorite classes, other than art, are history and English. One of the best things about high school is that people are a lot more helpful towards you than in middle school. Teachers, I have found, are more willing to help you out with work and talk to you about personal issues so that they can fit your needs. I also like the work in high school--it's way more interesting and forces you to think about the other opinion. My pets include 4 fish named Ink, Sunshine, Solus and Jane, as well as a black cat named Zoe. The best vacation I have ever been on was when I was 6 and I went to Jamaica. I don't remember much but I do know that I was very happy and tan in the pictures. In the future, I would like to go to Maine College of Art and travel as much as possible. The advice I often repeat to myself in my head is that everything is going to be okay, you have survived until this point and you will wake up tomorrow. Something I am excited about next year is that it is my final year but I am nervous about the whole college application process and getting accepted.
