In case of any misconduct on a bus, the incident will be reported by the bus driver on the proper form to the school principal or assistant principal. He/She will report the incident in writing to the parent concerned, with a copy to the transportation office.

Repetition of misconduct by the same student will result in the principal or assistant principal suspending the student's transportation privileges with written notice given to the parent. Bus privileges may be denied permanently if a third incident occurs, following a conference with the superintendent or designee. The responsibility for transportation will rest with the parent, if the privilege is denied. Additionally, no refunds will be provided in such instances.
