

Secondary Student Survey LMC 5-Year Plan 2018

Almost all MS students responded; likely light on HS student responses

March 2018

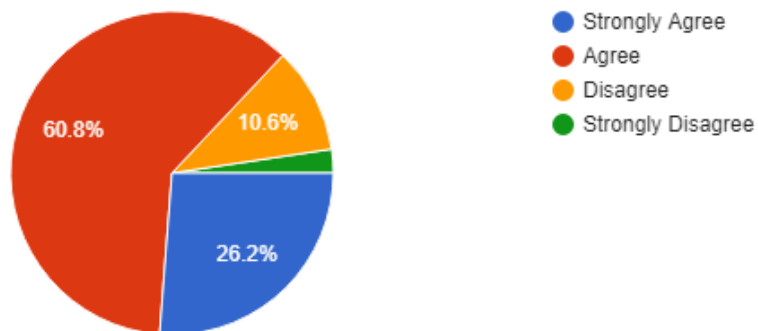

There are enough books for pleasure and/or independent reading.

635 responses

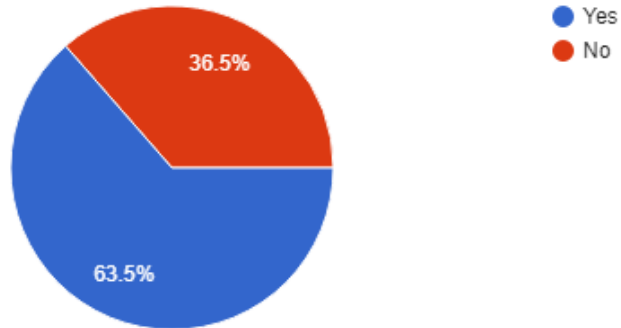

There are enough books and resources (e.g. databases or online research tools) for my research.

633 responses

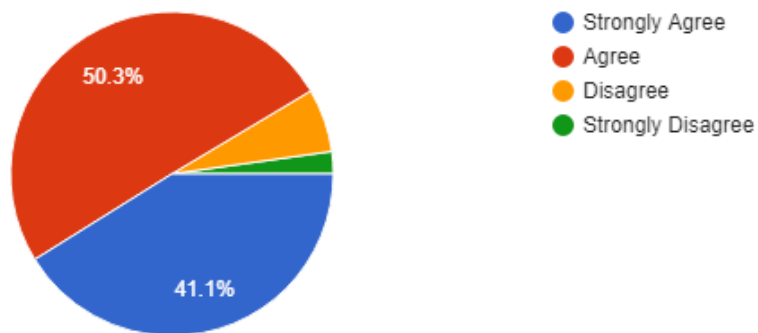

Does the library have books about people like me?

620 responses

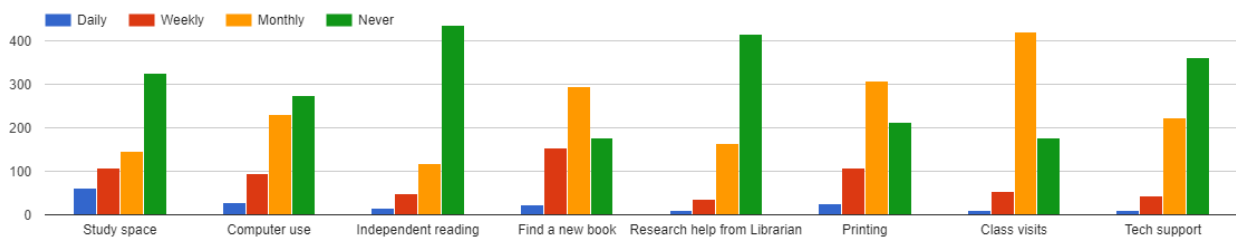

I feel welcome in the library.

632 responses

How often have you used the library for:

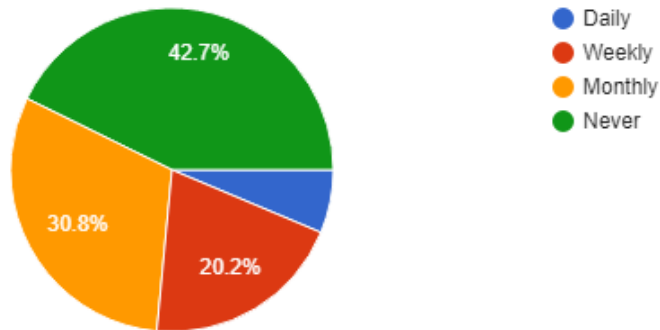

List ways you have used the library if not listed above:

Homework - before or after school (37), Checkout, return, ask questions about books (15), alternative learning or testing environment (7), be with friends (5), Makerspace(2), science project (1)

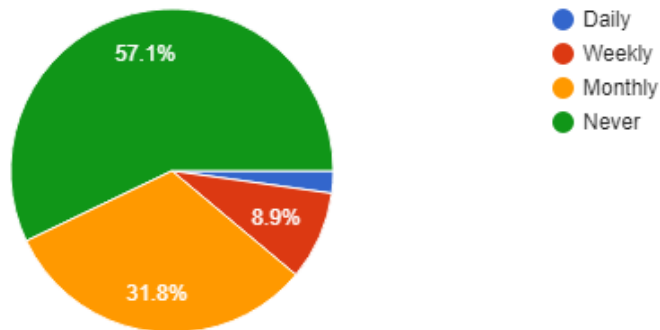

If the school library were re-opened in the evening, would you use it?

634 responses

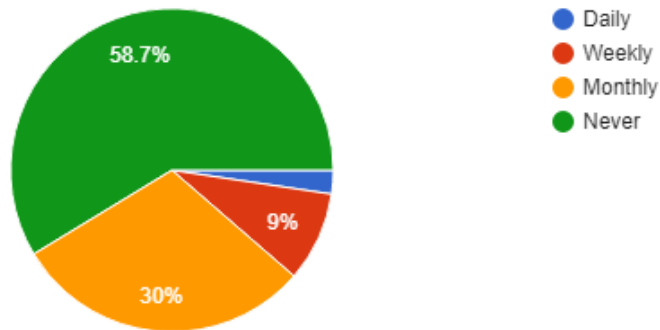

I use the library website and/or catalog on my own.

632 responses

I use the subscription or research databases on my own.

634 responses

Additional thoughts or comments (e.g. What is the best thing about the library? How can the library media center improve to better serve you? What questions do you have?)

- Available selection of books
- Quiet welcoming space to study, work, and read
- Access to the library during the school day
- Access to library before / after school
- Questions about library hours
- Access to technology, including printers
- Technology support
- Positive statements about the school library media specialists
