## **Jannelle Desire**

Hello my name is Jannelle Desire. I am going to be a senior at the high school. I'm originally from Hyde Park Boston but moved to Dedham in second grade. I have two older sisters in college which makes me the baby of the family. I am very fun and outgoing and I try to be very positive. I like to make people laugh a lot. But I also like to have time to myself to write and listen to music and play the ukulele. I work Mcgolf Café but during the summer I will also be working at DCH summer camp. So basically summer is a really busy time for me. For my senior year I decided to take a variety of different classes so I can find out what it is that I love to do. Hopefully I'll leave high school feeling confident about what path I take.
