Abby Jenest

My name is Abby Jenest and I am going to be a junior this coming school year. I not only participate in in school activities but also activities out of school. I have been dancing for 13 years and it is probably the best thing I've ever done. Last year I became the manager for the DHS wrestling team and that is another extracurricular thing I have come to really enjoy. It allows me to meet and work with new people from all different towns and really has taught me how to talk to people I would have otherwise avoided speaking with. I also participate in band, I volunteer at Newbridge, and I will be the class treasurer for my grade in the 2016-2017 school year. I have really enjoyed my time in high school so far and I hope I can help you to enjoy it as much as I did. I can't wait to work with the incoming freshmen and show them just how great high school can be.
