

*SADD Club- Students Against Destructive Decisions*

*SADD has a mission to educate and encourage students against destructive decisions, such as: underage drinking, drug use, smoking, and texting and driving. The SADD club hosts a yearly Red Cross Blood Drive at Dedham High. They participate in the Hero Walk against drunk driving, the Suicide Prevention Walk to promote the action of speaking out, and they also organize the yearly Dedham High goes purple for Chris Herren's National Project Purple event against drug abuse.*
