

ECHO Magazine
Advisors: Mrs. Rocha and Mrs. Sawyer

Dedham High School's ECHO Magazine is an electronically published literary magazine devoted to creativity, an essential 21st Century Learning Skill, at DHS. The purpose of the magazine is to capture and share the creative talents of students at DHS. Showcasing students' creative writing, art, photography and music, the magazine provides students with an opportunity to share their creative efforts with the larger community and engages students in the process of submitting, selecting, and editing work to be published and designing each issue. Echo Magazine meets Tuesdays during xblock and after school as announced in room A202.
