

Peer Leadership Grades 11 and 12

Peer Leadership provides opportunities for students with leadership potential to develop, refine, and practice those skills. This group offers support to all 10th graders and any incoming student at Dedham High School. The upperclassmen serve as mentors by assisting students to make use of the academic resources available. They also encourage their peers to become involved with co-curricular activities.

Students can apply to join in the spring of their sophomore or junior year.

Advisors: Stacey Connolly and Kathy Carten
