I grew up in Norton and moved to Dedham the summer before 5th grade. I went to Greenlodge elementary school for 5th grade year. I don't know another language. This is my first year in Link Crew. I am a part of many clubs such as class officers, student council, SADD club. I have had many jobs outside of school, but the one I've held the longest is being an office assistant at a non-profit eye care center in Needham. My favorite class would be my CAD class. I was part of the freshman academy during freshman year and I had a great experience.
