I like to spend time with my friends, but mostly sleep when I can. I've played volleyball for the past 3 years of high school and it's one of my favorite sports. I also play tennis in the spring. Chicken Pesto is my favorite lunch and I recommend anyone who loves chicken to go for it. I love to sing and dance. I work weekends in a restaurant and volunteer at the Food Pantry. And I plan to do something with Math and Science in my near future. :D
