My favorite classes in high school have been Calculus and Computer Science. I'm very interested in programming and plan on majoring in Computer Science in college. My favorite high school memories were bonding with the upperclassmen in Computer Science class my sophomore year. I'm the president of computer club. I work at DHS over the summer as an IT consultant. I've been involved on the high school soccer and track teams. Outside of school, I have gotten my black belt in Kenpo Karate and instruct karate classes at the Dedham Recreation Department.
