1st Year

Language(s): English

Courtney Sullivan

I've been on the girls varsity ice hockey team for 4 years, I have also have been a part of the girls cross country team and girls lacrosse team for the past two years. In school I think it's very important to stay involved which is why I have been in student council and public relations for the Class of 2015 for the past four years. I work at Justice which is a little girls clothing store at Legacy Place. I found that maintaining good grades in school is easier when you have extra-curricular activities because it helps you learn time management. My favorite classes have always been English and math. Over the course of my high school career I have taken honors and AP courses which include AP Calculus, AP US History 1 and 2, AP Statistics, and AP English. I think AP courses are very beneficial because they help you greatly for college preparation.
